Car Wash : Water

Heavy grease and soil removing = 1 : 50

Medium grease and soil removing = 1 : 50 - 150

Mild grease and soil removing = 1 : 150 - 500

**HANDY CLEANER - A-HC 004****Product Description:**

Handy Cleaner is a low-foaming, non-skin irritating, biodegradable and environmentally friendly cleaner. It is made of powerful Nano Biotech Colloidal Micelles (NBCM); using natural plant extracts, plant derivatives and biodegradable surfactants. It can break down almost all types of mild aqueous organic molecules and hydrocarbons.

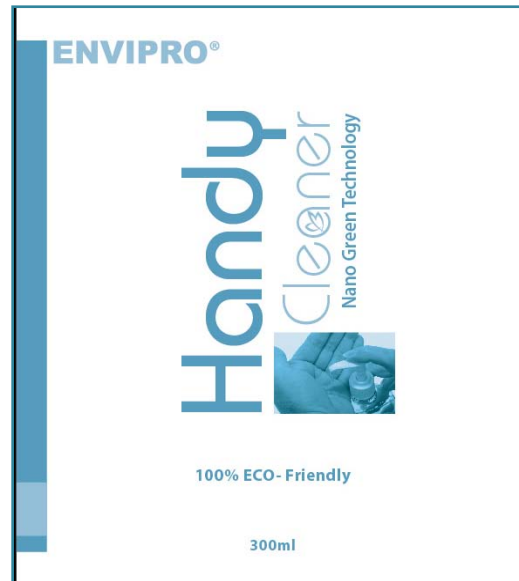

Handy Cleaner does not contain alcohols, petroleum distillates, soaps, chemical thickening agents, nitrates, enzymes, phosphates, animal fatty acids, hydrocarbon toxic solvents, non-biodegradable surfactants and ozone depleting substances.

**Application:**

Handy Cleaner effectively removes germs, dirt, contaminants, oil, grease and odor. It is specially formulated for deep cleansing without irritating sensitive skin. It is gentle enough for everyday use.

**Directions:**

Apply desired amount onto hands and lather thoroughly. Rinse off with water.

**CAR CLEAN BRIGHT - A-CCB 005****Product Description:**

Car Clean Bright is a non-water based, non-acidic, low-foaming, biodegradable and environmentally friendly cleaner. It is made of powerful Nano Biotech Colloidal Micelles (NBCM); using natural plant extracts, plant derivatives and biodegradable surfactants. It is palm oil scented and is mild to skin.

Car Clean Bright does not contain alcohol, petroleum distillates, hydrochloric acid, sulfuric acid, phosphoric acid, soaps, chemical thickening agents, nitrates, enzymes, phosphates, animal fatty acids, hydrocarbon toxic solvents, non-biodegradable surfactants and ozone depleting substances.

**Application:**

Car Clean Bright removes typical dirt build-up on car rims. It effectively removes oil, grease, soil, stains and dust on car rims without damaging the paint surface of the car. It also prevents grime build up to make future cleaning easier.

**Directions:**

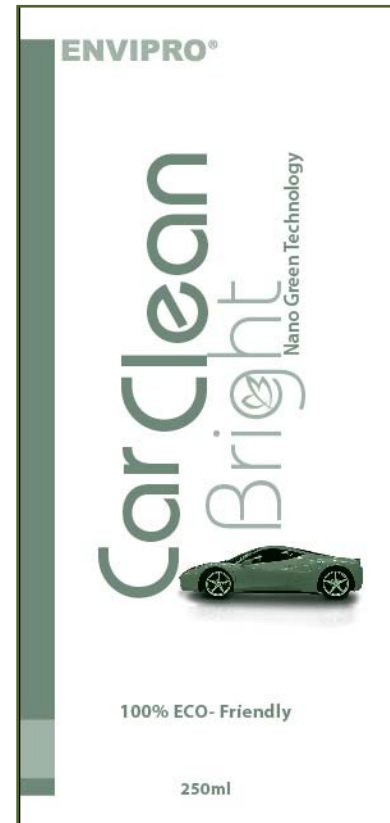

Wet the car rims thoroughly. Apply diluted Car Clean Bright on sponge or cloth and scrub onto the car rims evenly and leave it for 1 minute. Rinse with water. Use brush or rough sponge for stubborn grease.

Car Clean Bright : Water

Heavy grease and soil removing = 1 : 2

Medium grease and soil removing = 1 : 4

Mild grease and soil removing = 1 : 10

### CAR GLASS/MIRROR CLEANER - A-CG/MC 006

#### Product Description:

Car Glass/Mirror Cleaner is a very mild cleaner that cleans, sterilizes and protects the glass and mirror surfaces.

Car Glass/Mirror Cleaner does not contain alcohol, petroleum distillates, hydrochloric acid, sulfuric acid, phosphoric acid, soaps, chemical thickening agents, nitrates, enzymes, phosphates, animal fatty acids, hydrocarbon toxic solvents, non-biodegradable surfactants and ozone depleting substances.

#### Application:

Car Glass/Mirror Cleaner has strong disinfecting and degreasing capabilities. It effectively removes germs, dirt, contaminants, oil and grease. This rapid rinse product cleans glass and mirror to a sparkling shine without any residue or streaks.

#### Directions:

Spray the Car Glass/Mirror Cleaner on the glass or mirror and mop with a clean dry cloth, sponge or paper.

**CAR INTERIOR CLEANER - A-CIC 007****Product Description:**

Car Interior Cleaner is a water based, low-foaming, non-skin irritating, biodegradable and environmentally friendly cleaner. It is made of powerful Nano Biotech Colloidal Micelles (NBCM); using natural plant extracts, plant derivatives and biodegradable surfactants. It is odorless and is friendly to sensitive skin.

Car Interior Cleaner does not contain alcohol, silicones, wax, petroleum distillates, soaps, chemical thickening agents, nitrates, enzymes, phosphates, animal fatty acids, hydrocarbon toxic solvents, non-biodegradable surfactants and ozone depleting substances.

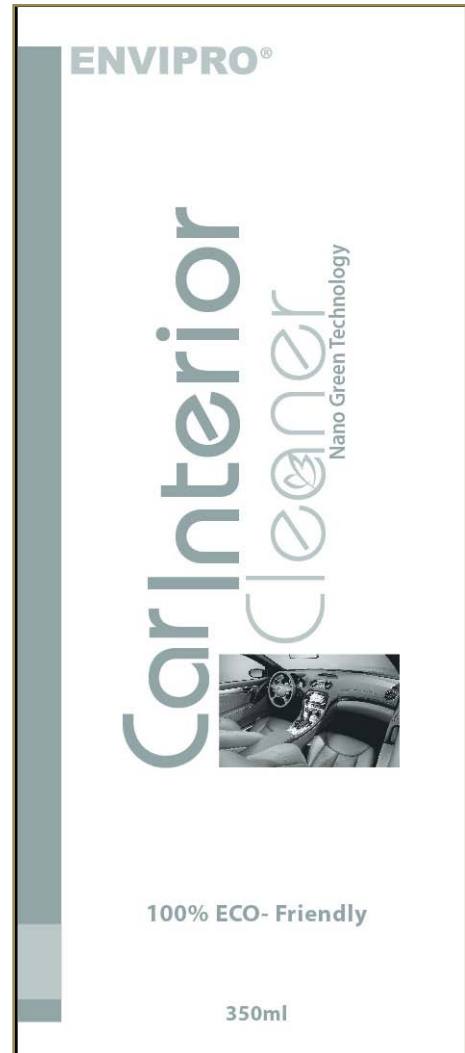

**Application:**

Car Interior Cleaner has good stain removing and degreasing capabilities. It effectively removes stains, dirt, contaminants, oil and grease. It is specially formulated for deep cleansing for all types of polyurethane, leather, vinyl and plastics without irritating sensitive skin. It is gentle enough for everyday use.

Car Interior Cleaner is especially recommended for cleaning car seats steering wheel, trimmed interior and other interior areas which are not highly sensitive to water.

**Directions:**

1. Test small inconspicuous area first.
2. Apply a small amount of Car Interior Cleaner to a clean soft cloth or soft sponge.
3. Rub gently in circular motion onto the surface.
4. Use a clean soft cloth or soft sponge to wipe away excess and dirt.

**CAR RADIATOR CLEANER - A-CRC 008****Product Description:**

Car Radiator Cleaner is a water based, non-acidic, low-foaming, biodegradable and environmentally friendly cleaner. It is made of powerful Nano Biotech Colloidal Micelles (NBCM); using natural plant extracts, plant derivatives and biodegradable surfactants. It is odorless and is mild to skin.

Car Radiator Cleaner does not contain alcohol, petroleum distillates, hydrochloric acid, sulfuric acid, phosphoric acid, soaps, chemical thickening agents, nitrates, enzymes, phosphates, animal fatty acids, hydrocarbon toxic solvents, non-biodegradable surfactants and ozone depleting substances.

**Application:**

Car Radiator Cleaner effectively removes dirt, contaminants, oil and grease. Car Radiator Cleaner is superb to clean and maintain car radiator. It is specially formulated for deep cleansing without damaging the surface of the radiator. It also prevents sediment build up to make future cleaning easier. Good radiator cleaning will improve the cooling of the engine.

**Directions:**

Spray Car Radiator Cleaner onto the surface of the radiator. Use a soft brush and scrub the surface until it is cleaned. Rinse with water.

**CAR ENGINE CLEANER - A-CEC 009****Product Description:**

Car Engine Cleaner is a water based, non-acidic, low-foaming, biodegradable and environmentally friendly cleaner. It is made of powerful Nano Biotech Colloidal Micelles (NBCM); using natural plant extracts, plant derivatives and biodegradable surfactants. It is odorless and is mild to skin.

Car Engine Cleaner does not contain alcohol, petroleum distillates, hydrochloric acid, sulfuric acid, phosphoric acid, soaps, chemical thickening agents, nitrates, enzymes, phosphates, animal fatty acids, hydrocarbon toxic solvents, non-biodegradable surfactants and ozone depleting substances.

**Application:**

Car Engine Cleaner effectively removes dirt, contaminants, oil and grease. Car Engine Cleaner is superb to clean and maintain car engine. It is specially formulated for deep cleansing on car engine areas not harmed by water. It also prevents sediment build up to make future cleaning easier.

**Directions:**

All water sensitive electronic areas should be covered and not expose to water. Spray Car Engine Cleaner onto the outer surface of the engine. Use a soft brush and scrub the surface until it is cleaned. Rinse with water.

Warning: Do not spray Car Engine Cleaner to a running and hot engine.

**WINDSHIELD CLEANER - A-WC 010****Product Description:**

Windshield Cleaner is a water based, non-acidic, low-foaming, biodegradable and environmentally friendly cleaner. It is made of powerful Nano Biotech Colloidal Micelles (NBCM); using natural plant extracts, plant derivatives and biodegradable surfactants. It is odorless and is mild to skin.

Windshield Cleaner does not contain alcohol, petroleum distillates, hydrochloric acid, sulfuric acid, phosphoric acid, soaps, chemical thickening agents, nitrates, enzymes, phosphates, animal fatty acids, hydrocarbon toxic solvents, non-biodegradable surfactants and ozone depleting substances.

**Application:**

Windshield Cleaner is a strong cleaning and degreasing solution. It effectively removes insect stains, diesel smoke, dirt, contaminants, oil and grease. This rapid rinse product cleans and clears the windshield to a sparkling shine without any residue or streaks.

**Directions:**

Add 2 – 3 bottle caps (1 cap is approximately 18mL) of Windshield Cleaner in the windshield water tank and add clean water to full tank.

**CAR VINYL/PLASTIC PROTECTING - A-CV/PP 011****Product Description:**

Car Vinyl/Plastic Protectant is a water based, non-foaming, non-skin irritating, biodegradable and environmentally friendly product. It is odorless and is mild to skin.

Car Vinyl/Plastic Protectant does not contain silicones, wax, animal oil, petroleum distillates, soaps, chemical thickening agents, nitrates, enzymes, phosphates, animal fatty acids, hydrocarbon toxic solvents, non-biodegradable surfactants and ozone depleting substances.

**Application:**

Car Vinyl/Plastic Protectant is effective in protecting vinyl and plastic from attack of stains, mold, mildew, germs, dirt, contaminants and odor.

**Directions:**

1. Clean the car interior vinyl and plastic surfaces with Car Interior Cleaner.
2. Shake well. Test on small unnoticeable area first.
3. Apply a small amount of Car Vinyl/Plastic Protectant to a clean soft sponge or soft cloth.
4. Rub onto the surface of vinyl or plastic in a gentle circular motion. Wipe off excess and repeat if necessary. Multiple light coats are better than one heavy coat.

**CAR LEATHER CARE - A-CLC 012****Product Description:**

Car Leather Care is an oil based, non-foaming, non-skin irritating, biodegradable and environmentally friendly product. It is made of a mixture of 100% plant based oils. It is lemon-scented and is mild to skin.

Car Leather Care does not contain alcohol, silicones, wax, animal oil, petroleum distillates, soaps, chemical thickening agents, nitrates, enzymes, phosphates, animal fatty acids, hydrocarbon toxic solvents, non-biodegradable surfactants and ozone depleting substances.

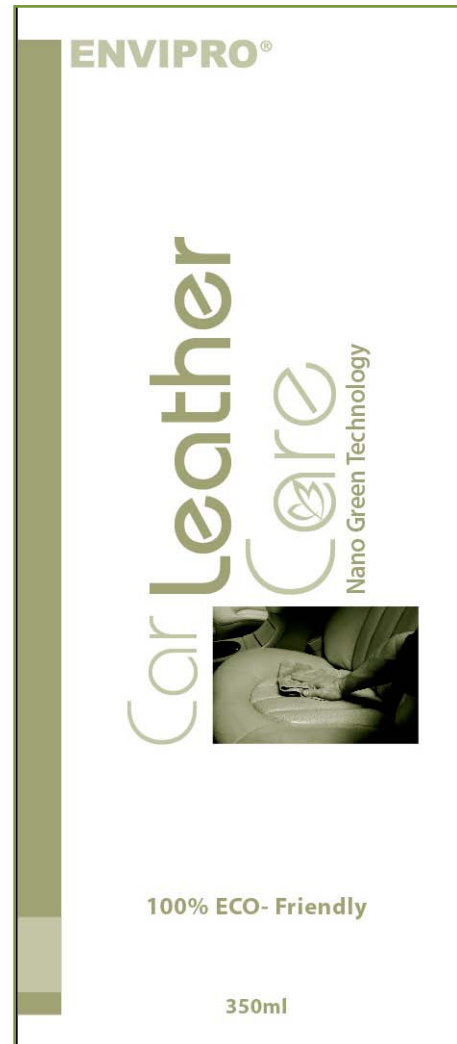

**Application:**

Car Leather Care is effective in protecting leather from attack of stains, mold, mildew, germs, dirt, contaminants and odor. It is specially formulated to deeply penetrate, soften and protect all kinds of leather.

Car Leather Care is highly recommended for cleaning leather car seats, leather steering wheel, leather trimmed interior and other leather-based interior areas.

**Directions:**

1. Clean leather with Car Interior Cleaner.
2. Shake well. Test on small unnoticeable area first.
3. Apply a small amount of Car Leather Care to a clean soft sponge or soft cloth.
4. Rub into leather in a gentle circular motion. Wipe off excess and repeat if necessary. Multiple light coats are better than one heavy coat.

**CAR BUGS AND TAR CLEANER - A-CBATC 013****Product Description:**

Car Bugs and Tar Cleaner is a non-water based, non-foaming, non-skin irritating, biodegradable and environmentally friendly product. It is lemon-scented and is mild to skin.

Car Bugs and Tar Cleaner does not contain alcohol, silicones, wax, animal oil, petroleum distillates, soaps, chemical thickening agents, nitrates, enzymes, phosphates, animal fatty acids, hydrocarbon toxic solvents, non-biodegradable surfactants and ozone depleting substances.

**Application:**

Car Bugs and Tar Cleaner removes bugs, tar, tree sap and road grime from car surface. It also effectively removes oil, grease, soil, stains and dust without damaging the paint surface of the car. It prevents grime build up to make future cleaning easier.

**Directions:**

Spray Car Bugs and Tar Cleaner on and wipe off to remove bugs, tar and tree sap from car finishes; no rubbing is required.

**TIRE CLEANER - A-TC 014****Product Description:**

Tire Cleaner is a non-water based, non-foaming, non-skin irritating, biodegradable and environmentally friendly product. It is lemon-scented and is mild to skin.

Tire Cleaner does not contain alcohol, silicones, wax, animal oil, petroleum distillates, soaps, chemical thickening agents, nitrates, enzymes, phosphates, animal fatty acids, hydrocarbon toxic solvents, non-biodegradable surfactants and ozone depleting substances.

**Application:**

Tire Cleaner removes typical soil and dirt adhere to the tire surfaces. It also effectively removes oil, grease and stains without damaging the paint surface of the car. It prevents grime build up to make future cleaning easier.

**Directions:**

Apply Tire Cleaner onto the surface of the tires with a brush. Scrub the tire surface until it is cleaned. Rinse with water.

### CAR DEODORIZER - A-CD 015

#### Product Description:

Car Deodorizer is specially formulated with ingredients which are non-foaming, non-skin irritating and environmental friendly. It is made of powerful Nano Colloidal Ingredients which offer disinfecting and sanitizing capabilities through its antimicrobial, antibacterial and anti-fungicidal properties.

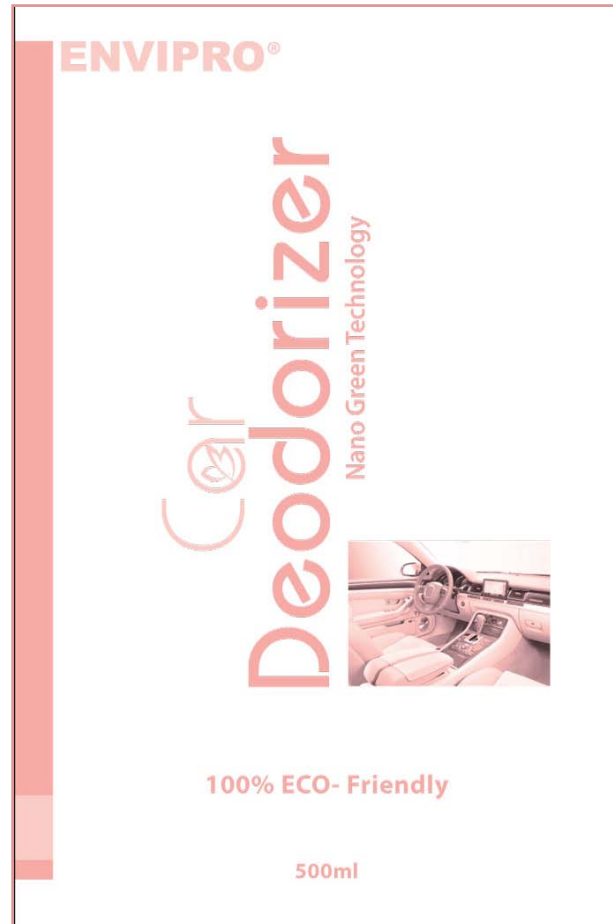

Car Deodorizer does not contain alcohol, petroleum distillates, soaps, chemical thickening agents, nitrates, enzymes, phosphates, animal fatty acids, hydrocarbon toxic solvents, non-biodegradable surfactants and ozone depleting substances. It is odorless and doesn't irritate eyes & sensitive skin.

#### Application:

Car Deodorizer effectively removes germs and odor. It is highly recommended for all types of surface which are not sensitive to water. It can be used on leathers, vinyl, plastics, metals and fabrics.

#### Directions:

Spray Surface Cleanser thoroughly onto the surface and allow it to dry.

**CAR CARPET CLEANER - A-CCC 016****Product Description:**

Car Carpet Cleaner is a water based, non-acidic, low-foaming, biodegradable and environmentally friendly cleaner. It is made of powerful Nano Biotech Colloidal Micelles (NBCM); using natural plant extracts, plant derivatives and biodegradable surfactants. It is odorless and is mild to skin.

Car Carpet Cleaner does not contain alcohol, petroleum distillates, hydrochloric acid, sulfuric acid, phosphoric acid, soaps, chemical thickening agents, nitrates, enzymes, phosphates, animal fatty acids, hydrocarbon toxic solvents, non-biodegradable surfactants and ozone depleting substances.

**Application:**

Car Carpet Cleaner effectively removes soil, oil, grease, soil, stains and dust from carpet and floor mats inside the car.

**Directions:**

Spray the Car Carpet Cleaner onto the surface of the carpet or floor mats; brush it slowly and methodically with a soft brush. Repeat if necessary on problem areas with stains or large amounts of dirt. Distribute the cleaner evenly and continue to clean until satisfied.
